- \* Boston Lettuce

# News from the Farm

## *This Week on the Farm*

We will be teaching a class for UVM this week entitled "**Farmward Bound.**" Students will be living and working on three farms for four days. We are honored to participate in this innovative course. It's endlessly fascinating to us that students find what we do interesting. We will be teaching general agriculture entrepreneurship, mid-size vegetable production, and crop enterprise budgets. At night we'll fire up the grill and serve some fine farm-fresh meals. We look forward to a good time!

**Join us:** We will be paired with Bistro Sauce at this year's Vermont Fresh Network annual dinner held at Shelburne Farms, August 8th. This is a great night to enjoy a wide variety of local fresh food prepared by your favorite restaurants. Tickets can be purchased on the Vermont Fresh Network website.

Sweet corn, melons and eggplants on the way!!
